Intergovernmental Transfer Program (ITP)

The Intergovernmental Transfer Program provides the opportunity for eligible New Jersey state and local government employees with permanent civil service status to transfer between state and local employment jurisdictions while maintaining their permanent status. This program promotes more efficient public service by allowing civil service jurisdictions to share talented and experienced individuals with other governmental sectors. All parties involved in the transfer (the transferring employee, the sending jurisdiction, the receiving jurisdiction, and the New Jersey Civil Service Commission) must agree to the transfer for it to be completed. A transfer is not valid until approved by the Civil Service Commission.

State and local agencies can recruit and hire experienced employees with permanent civil service status, thereby reducing the time and cost of recruitment, testing and eliminating the need for up-front training. Agencies can exchange the expertise of experienced employees and can fill positions more rapidly with a transfer than with conventional recruitment methods. Employees with permanent civil service status desiring to work for another jurisdiction, whether for personal or professional reasons, can transfer without a break in service.

Individuals facing layoffs can transfer into comparable titles in other jurisdictions within 1 year of the effective date of layoff. The impact of reductions-in-force can be minimized when such transfers are made as a pre-layoff action.

What is the ITP?
